DD/S&T Staff Meeting
Thursday, 5 Sept '68

Deputy Director:

1. Discussed security aspects of recent articles in news media on the M2V and M1RV, e.g., should security classification be increased.

2. Commented on retirement policy papers. Felt that tendency is to answer questions with statistics.

3. Mentioned that the DCI is concerned about the assignment and rotation of employees. Solicited suggestions on positive steps that might represent real improvement in personnel procedures and relations but doesn't want to just generate more memos on the subject.

4. Mentioned a letter from NASA pertaining to a conference at Langley. Suggested that [] and one person from OSI might attend, then gave the letter to Dr. Chamberlain for follow-up action.

5. Stated that he will visit [] on 12 September.

6. Mentioned that on 10 September [] will visit the Agency and will be provided a tour of the FMSAC Center.

7. Mentioned that the DCI is still visiting various places throughout the building unexpectedly.

8. Commented on the advantages of referring retired Agency employees to contractors. This could be done for administrative personnel as well as technical.

9. Commented on a meeting with John Bross who is doing an organizational study and expects to have a paper of issues regarding organization and possible recommendations about the first of the year. Mr. Bross' helpers in this task will be [] in the SIGINT area, [] for Information Processing and Early Warning areas, and []
